## WALK FOR RHINOS CAMPAIGN PROPOSAL

*"It is our task in our time and in our generation, to hand down undiminished to those who come after us...the natural wealth and beauty which is ours." – U.S. President John F. Kennedy*

### Objectives

- To protect rhinos in Botswana by educating the community of the immense value of rhinos and wildlife in general.
- To empower the community to act against poaching and other intrusive actions that may bring rhinos to extinction.
- To encourage community involvement in conservation matters.
- To support Rhino protection in Botswana.

### Aim

- Facilitate improved network of various conservationists and local communities' participation with positive conservation outcomes with regards to saving Rhinos and relative safeguarding of the biodiversity.

### GOVERNMENT AND STAKEHOLDER SUPPORT

The campaign aims to involve all stakeholders who have contributed to the relocation and protection of Rhinos. Organizations such as Rhino Conservation Botswana, the Department of Wildlife and National Parks, Botswana and the Ngamiland District Commissioner are fully in support and have endorsed this campaign.

The campaign has gained massive support from Helicopter Horizons who will assist with transporting food, water and other necessities to the participants while walking the wilder section between Gudigwa and Khwai villages. Kgotla meetings will involve speeches from Government officials, companies who have given support to Rhino projects, Dikgosi, MP's, Councilors, safari guides and managers as well as village celebrities or traditional conservation pioneers.

We therefore encourage other stakeholders to support the cause in any best way they can.

*Community leaders*

### **HISTORY ON RHINO RELOCATIONS**

Companies and organizations such as Rhino Conservation Botswana, Wilderness Safaris, Rhinos Without Borders and other stakeholders together with the Government have done a greater role of re-introducing Rhinos to Botswana by relocating them on our ground. The process of relocating a group of Rhinos takes about 8 months. The government of Botswana, and its partners Rhino Conservation Botswana, Wilderness Safaris, Rhinos Without Borders and others have introduced the rescue of rhinos and relocated them to safer places such as the Okavango Delta. It didn't end there as they carried on with the mission and came up with measures to make sure the relocated rhinos are safe, as such they introduced monitoring of the rhinos with the help of the Botswana Defense Force.

*Rhino relocation*

### **WHY COMMUNITY INVOLVEMENT MATTERS**

Rhinos contribute to economic growth and sustainable development through tourism, which creates job opportunities to the communities living alongside Rhino homes such as the Okavango Delta.

As Bushman, traditionally we were taught to live with nature in harmony by giving priority in not disturbing the natural balance. Those Old men did not think about money economy and they would be happy to see abundance in the natural capital. However, the money economy has over several decades threatened existence of certain animal species like the Rhinos. Awakening from this emergency, actors in conservation excluded local communities in the conservation process and that completely disconnected local communities from ownership, participation and responsibility in terms of the role they could play in conserving Rhinos and biodiversity loss.

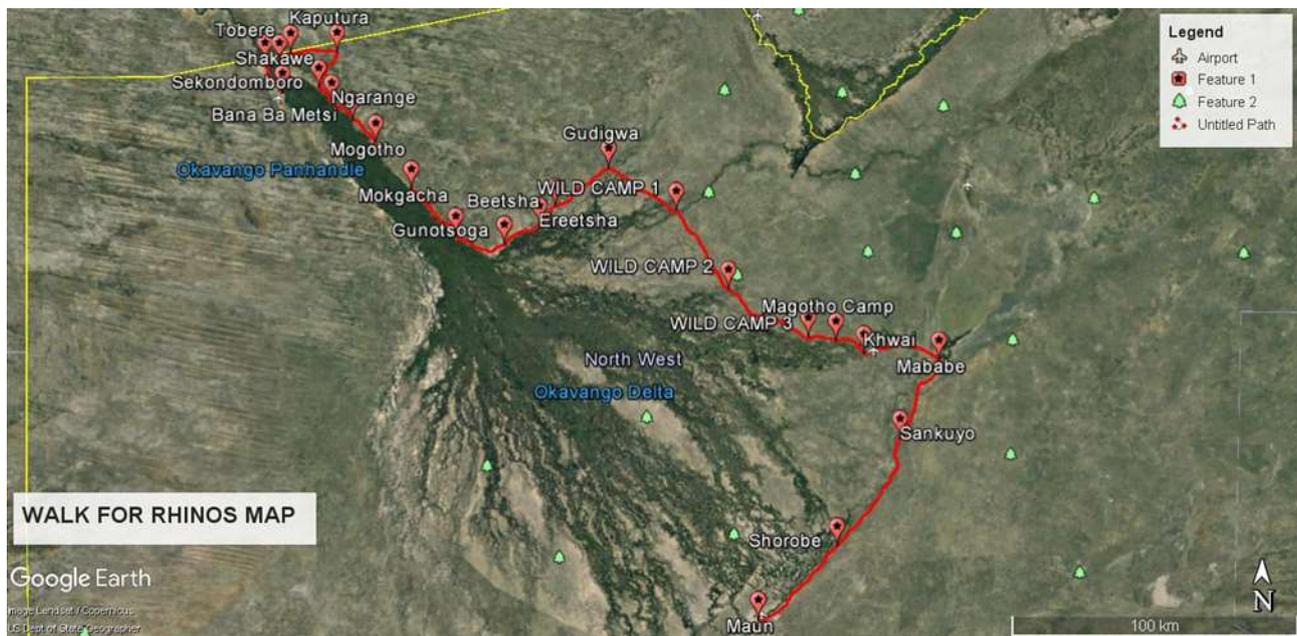

By involving the community that lives around the wildlife, we in turn make them stewards of the wildlife that creates jobs for them. We believe it is through education and Empowerment that we can together save endangered species particularly Rhinos and Elephants. This process would leverage community participation and support through advancing indigenous knowledge on conservation to supplement other conservation efforts. Thus, drawing deep meaning and understanding among the communities to safeguard Rhinos and biological diversity from invasive practices, possibly introduce most of our actors in to local community perspectives with particular attention on Rhino conservation and environments.

## AREAS TO BE COVERED

The campaign will start from Shakawe village in the Okavango panhandle going through all the villages along the North western part of Botswana and will cut through to Khwai, Mababe, Sankoyo, Shorobe and finish in Maun. After the morning meeting on the first day of the campaign, the 6th November 2017, villages to cover thereafter are Mohembo, Kauxhwi, Xakao, Tobere/Kaputura, Sekondoboro, Ngarange, Mogotho, Mokgacha, Seronga, Gunotsoga, Eretsha, Beetsha, Gudigwa, Khwai, Mababe, Sankoyo, Shorobe and finish in Maun on 24 November. Though it will not be possible to hold meetings in all the villages on the calendar, the campaign launch will be held in Shakawe in the morning of the 6<sup>th</sup>. Other meetings will be held in villages of Kauxhwi, Tobere, Ngarange, Mogotho, Seronga, Gunotsoga, Eretsha, Beetsha, Gudigwa, Khwai, Mababe, Sankoyo, Shorobe and the closing ceremony will be held in Maun on 24<sup>th</sup>.

## THE CAMPAIGN ROUTE

There will be two sections to cover during the walk, the smooth section from Shakawe village to Gudigwa village. There is also the wilder section from Gudigwa – Khwai which will strictly be on backpacks. On this phase participants will be carrying the necessities on their backpacks, food, water, tents and bedding and will be camping in the middle of the jungle. There will be no vehicle anywhere around until the participants arrive in Khwai village. The Khwai to Maun route will be less complex though still in a wilder section. The local community can join the walk free of charge between the villages with exception to the Gudigwa – Khwai route which will strictly require those who have signed up for the walk and are fit because of the route's complex and challenging conditions. A helicopter will be on standby to drop water and food to the participants on this wilder section.

## DURATION OF THE CAMPAIGN

The duration for this campaign walk will be 19 days, it will start from 6th to 24th November 2017. A total of 470KM of walking distance will be covered, doing a maximum of 25KM per day.

Soccer balls x 50	P20,000
Soccer kit for Walk For Rhinos team	P15,000
<b>TOTAL</b>	<b>P589,000</b>

### **KGOTLA MEETING SPEECHES**

Arrangements for kgotla speeches will be available in the campaign programme. There will be an hour and half of kgotla meeting in each village before the walk. Key conservationists who are keen to give a speech on rhino conservation and community involvement or any other issue pertaining to wildlife conservation are advised to consult Safari Embassy office for arrangements. Each speaker will be allowed a time of 15 minutes after which a short video on rhino conservation and relocation will be showed to the attendants.

*Village Kgotla meeting*

### **THE CAMPAIGN EXPERIENCE**

Experience culture like never before. As the campaign stretches through the route, you will get to witness how the indigenous people of the Okavango Delta lives. Experience local cuisine and learn to speak their languages. Alternatively, arranged village tours would allow participants to experience the ways of life of the communities and their daily activities. It would also give a chance to meet community conservation pioneers.

### **MEET THE COMMUNITIES**

Through community inclusion initiatives such as the Walk for Rhino campaign, we find ways to collaborate with the government and its stakeholders to help protect Rhinos. The Okavango region is a multi - cultural region where you get to meet different tribes such as Bambukushu from Shakawe to Beetsha, Bayei from Seronga to Gunotsoga, Sankuyo - Shorobe, Basarwa from Beetsha to Mababe, and Batawana in Maun. We need them to actively participate to help create a sustainable future for the Rhinos.

*Meeting the communities*

## FUN TIME

Participants will play soccer games with the village teams in some of the villages, they will have fun time with the village kids during the campaign period.

*Kids choir*

*Kids games*

## **SIGNING UP FOR THE WALK**

Here you have a choice to participate in the entire campaign, 19 days from starting point to finishing point, and you have a choice to participate on dates that suites your schedule. Though there are participation choices, the signing up fee is the same amount for both options.

### **Full time participation**

If you choose to participate on the entire 19 days duration, you are to arrive in Maun by 5<sup>th</sup> November so that you catch the Walk for Rhinos bus that will transfer participants to Shakawe at 3pm. Leaving Maun at 3pm gives time allowance for international arrivals. Failing to connect with the Walk for Rhinos bus will mean you arrange your own transport to get to Shakawe.

### **Section Participation**

If you choose to participate on certain sections or a certain section of the walk, you will have to arrange your own transport to catch up with the walking team. Safari Embassy will assist with transportation options available.

## **PARTICIPANT CHECKLIST**

- National Identity Card (ID) for citizens
- Valid passport for residents and international guests.
- Medication (prescribed by your doctor).
- Valid medical Aid or insurance to cover you and your valuables.

## **WHAT TO PACK FOR THE 19 DAYS WALK**

- Pair of long trousers for gentleman (you will wear this on Kgotla meetings) culturally man should wear long trousers in kgotla meetings. After the kgotla meetings you have an option to change to your preferred clothing.
- Skirts or dresses for ladies for kgotla meetings (trousers and shorts are not allowed in kgotla meetings). You will change to your preferred clothing after the kgotla.
- Shirts and light jerseys
- Rain coat
- Hats or caps
- Bring extra cash for personal purchases and souvenirs.

## **What to pack for the wild walking route Gudigwa - Khwai**

- Back pack (18 to 20 litres)
- Sleeping bag
- Roll mat
- Hats or Caps
- Rain coat
- Plate/dish, cup, spoon, fork & knife
- Torch with adequate long life batteries with extra batteries.
- Water flask to carry water
- Sun screen

- Walking boots/Hiking shoes
- Sandals/flip flops
- Personal medications
- Light pop up tent

**Note:** *On the smooth route your bigger back packs with your clothes and other valuables will be transported by vehicle between the villages and you will be carrying your small back packs on your daily walks.*

**What to pack for the smooth route Shakawe - Gudigwa & Khwai - Maun**

- Small back pack/Camel packs (to carry light items e.g. water bottles, snacks sun screen and valuables).
- Hat or cap.
- Sun screen
- Personal medications

**GET FIT FOR THE WALK**

Because of the distance to cover, the terrain to walk through and the heat, participants need to be fit for this walk. The terrain will be challenging with going through sections of the Kalahari sand in some parts and high temperatures of 35 to 40 degrees Celsius midday in some days so we encourage participants to do some training before the walk. You can go to the gym for training or do short walks to keep yourself fit. If you are unfit to walk you will not enjoy the walk, and you may cause some delays to other participants. You don't want to be on the list of those who did not complete the walk.

*Wild Walking*

## LEADING THE WALK

Kane as one of the highly qualified Safari guides, and co-owner of Safari Embassy Travel Company and Kane Adventure Safaris will be one of the campaign leaders together with other qualified Botswana guides. These guides are exceptionally trained to lead walks in the most wilderness areas. This expertise would be complemented by indigenous knowledge landscape analysis and identification of biocultural heritage sites and evening fire circles for storytelling.

*Professional walking guide*

## **SAFETY DURING THE WALK**

As the walk will be led by highly qualified safari guides, depending on the number of people signing up, participants will be broken into groups of tens. Each group will be led by 2 qualified guides; one will be a lead guide and the other a backup guide.

The groups will be 25 to 30 minutes away from each other in the wilder section and will join up in smooth sections. Both of the guides are trained in rifle handling and therefore will be armed for safety. These guides are also trained in first aid and will carry a well-stocked first aid kit. Besides, in the villages there are clinics with qualified nurses to assist in medical situations. All participants will be registered with Okavango Air Rescue for emergencies situations. In a case of emergency a participant will be attended by a qualified air rescue doctor and will be flown to Maun for further medical intervention. The guides will carry satellite phones and hand held radios for easy communications between the walking groups and the camping staff.

*Emergency heli*

## **FAILING TO COMPLETE THE WALK**

Should a participant by any reason fail to complete the walk or be not fit to continue with the walk, the participant will have an option to either join the camp crew in the vehicles and continue with the campaign until they feel fit again, or they can organize their own transportation to return to their destinations.

In terms of medical emergencies, Okavango Air rescue will be on standby for such incidents.

## **PARTICIPANTS ACCOMMODATION**

Tented accommodation will be provided to participants and the backup crew. Safari Embassy will hire tents from various companies to accommodate the participants. On the wilder section, participants have to bring their own light weight pop up tent.

## **BACKUP CREW AND VEHICLES**

On the smooth section from Shakawe village to Gudigwa, there camp crew will be going ahead to set up tents, prepare showers and meals for the walking team. Please note that the wilder section is strictly on backpacks, as such no vehicles or camping services will be available. The crew will join again from Khwai village setting up tents and carry on with necessary preparations up to Shorobe village. The camp crew will end their services on the last night in Shorobe. On the morning of the 26<sup>th</sup> the walking team will proceed to Maun and the finishing point will be the main Kgotla where the closing ceremony will be held to mark the end of the campaign.

There will also be a backup vehicle to carry participants who will feel unfit to continue walking.

## **MEALS & BEVERAGES**

Safari Embassy will be responsible for the provision of food and drinks to participants. Professional chefs will be on duty almost throughout the campaign (except on the wilder section) to make sure the participants are well taken care of. A standard 1 course meal that includes 2 choices of meat, 2 choices of starch, a vegetarian dish and a salad will be provided. To go with the meal, normal juice and water will be served; participants can buy their own alcoholic drinks and other preferred drinks.

*Professional Chef*

## **PARTICIPANTS WITH SPECIAL DIETARIES**

Participants with special dietaries such as allergies, vegetarians, gluten free etc. should contact safari Embassy office for arrangements.

## HOW TO HELP?

### Donate to the Walk for Rhinos campaign to help save Rhinos.

Donations may come in any form; funds, food, transport, camping equipment, service etc. All of the donations will be used to support the campaign.

### Sign up for the Walk for Rhinos campaign to help create awareness

Citizens and residents who wish to sign up for the walk are required to contribute P650 per person, while international citizens will be required to contribute USD800 per person to sign up for the walk. We highly encourage Batswana citizens to indulge massively in this initiative; people we are going to share this knowledge with are our parents, brothers, in-laws and relatives, they should be involved in conservation, be educated on conservation matters, they will understand us better. They will “feel” our efforts and follow suit.

## HOW TO SIGN UP

There will be a form attached to the proposal (looking like the one below) which those signing up are required to complete. If you are an individual or company employees signing up for the walk, each individual on the group has to fill form 1. The completed form together with proof of payment (for EFT payments) should be scanned and emailed to [reservations@safariembassy.com](mailto:reservations@safariembassy.com) for registration.

### Form 1

Name & Surname	
Email	
Contact details	
Citizen/resident	
Non-citizen	
Nationality	
Amount paid	

## HOW TO DONATE

Below are donation forms to be completed by individuals and companies donating. Individuals donating are required to complete form 2, while companies are to complete form 3. The completed forms should be scanned and emailed to [reservations@safariembassy.com](mailto:reservations@safariembassy.com)

### Form 2

Name & Surname	
Email	
Contact details	
Nationality	
Amount Donated	

### Form 3

Address	
Country of Incorporation	
Contact number	
Contact person	
Amount Donated	

## Bank Details

Below are the bank details where both signing up and donation payments are to be made.

Name	Safari Embassy Travel Company (Pty) Ltd
Bank	First National Bank Botswana
Bank physical address	Plot 152 shop 1 & 2, Ngami centre
Bank postal address	Private Bag 231 Maun, Botswana
Branch Code	282367
Account Nr	62559169620
Swift Code	FIRNBWGX

## EXTRA SERVICES

Those who need extra services such as accommodation arrangements before and after the campaign should contact Safari Embassy office on the below provided contact details. Kindly be advised that accommodation arrangements will be at an extra cost and will have to be booked in advance.

## ENDING THE CAMPAIGN

At the end of the campaign walk, Safari Embassy will donate the remaining funds back to a conservation organization of their choice and priority will be given to conservation kids organizations such as conservation kids camp, Children In The Wilderness and many more. The decision to choose the recipient will depend on who Safari Embassy finds suitable to carry on the awareness legacy.

At the end of the year Safari Embassy will review the program and evaluate the success of the campaign and if there is need to conduct another campaign, this will be published to inform the communities and the general public.

## Inspirational Conservation Quotes

*"When I hear of the destruction of a species, I feel just as if all the works of some great writer have perished." - U.S. President Theodore Roosevelt*

*"The Animals of the planet are in desperate peril. Without free animal life I believe we will lose the spiritual equivalent of oxygen." - Alice Walker*

*"Each species is a masterpiece, a creation assembled with extreme care and genius." - Edward O. Wilson*

*"We should remember in our dealings with animals that they are a sacred trust to us...[They] cannot speak for themselves." - Harriet Beecher Stowe*

*"What a country chooses to save is what a country chooses to say about itself." - Mollie Beattie, Director, U.S. Fish and Wildlife Service 1993-1996*

*"A true conservationist is a man who knows that the world is not given by his fathers but borrowed from his children." - John James Audubon*

*"The more clearly we can focus our attention on the wonders and realities of the universe, the less taste we shall have for destruction." - Rachel Carson*

*"The quicker we humans learn that saving open space and wildlife is critical to our welfare and quality of life, maybe we'll start thinking of doing something about it." ~Jim Fowler*

*"The purpose of conservation: The greatest good to the greatest number of people for the longest time." - Gifford Pinchot, first Director of the U.S. Forest Service*

*"When we see land as a community to which we belong, we may begin to use it with love and respect." - Aldo Leopold*

*"I feel like I'm nothing without wildlife. They are the stars. I feel awkward without them." ~Bindi Irwin*

*"Every time we lose a species we break a life chain which has evolved over 3.5 billion years." - Jeffrey McNeely*

*"We should preserve every scrap of biodiversity as priceless while we learn to use it and come to understand what it means to humanity." - E. O. Wilson*

*"Our task must be to free ourselves... by widening our circle of compassion to embrace all living creatures and the whole of nature and its beauty." ~Albert Einstein*

*"The fate of animals is of greater importance to me than the fear of appearing ridiculous; it is indissolubly connected with the fate of men." ~Émile Zola*

## Walk For Rhinos Itinerary

*Administered by*

**On 5<sup>th</sup> November** you will be met by Walk For Rhinos team from Safari Embassy at Maun Air Port on your arrival. Walk For Rhinos bus will leave to **Shakawe** at 1500hrs. Packed lunches and drinks will be provided in the bus. Walk For Rhinos bus arrives at **Shakawe** at 2100hrs

On arrival you will be welcome by Walk For rhinos team from Safari Embassy. Introduction and schedule will be presented to the participants. Dinner will be at 2145hrs. After dinner you then go to bed.

**On 6<sup>th</sup> November** you will wake up at 0530am and have your breakfast at 0600am. There will be short meeting about a layout of the day for participants. Kgotla meeting at 0800am at **Shakawe** main kgotla. Start the walk at 0930. At **Mohembo** have a short presentation about the Okavango Delta and the people who live around. You will then cross the **Mohembo/Okavango Panhandle** with a furry and continue **5km** walk to **Kauxwii**. Upon your arrival at **Kauxwii** you will rest for the day. Walk For Rhinos team will play a football game with the village team and after the match the team will donate a soccer ball to the village team. You will then have your dinner at 1900hrs and go to bed.

**On 7<sup>th</sup> November** you will wake up at 0530am and have your breakfast at 0600am. You will have a short layout of the day at 0700am and then proceed to a kgotla meeting at 0800am. You will then start your **6.5 km** walk to **Kaputura** at 0930am. From **Kaputura** walk **17 km** to **Tobere**. Between Kaputura and **Tobere** is regarded as a wild section which the group will be kept into groups of 10s and two leads guides per group. A distance of 25 to 30 minutes between groups for safety aspects and the leaders of the groups will communicate through handheld radios in terms of encountering dangerous animals between the groups or in terms of emergency. Arrive in **Tobere** late in the afternoon rest for the day. Walk For Rhinos team will play a football game with the village team and after the match the team will donate a soccer ball to the village team. Dinner at 1900hrs and go to bed.

**On 8<sup>th</sup> November** you will wake up at 0530am and have your breakfast at 0600am. You will have a short layout of the day at 0700am and then proceed to a kgotla meeting at 0800am. You will then start your **14.3 km** walk to **Sekondomboro** at 0930am. From **Sekondomboro** walk **7.54 km** to **Ngarange**. Between **Tobere** to **Sekondomboro** is regarded as a wild section which the group will be kept into groups of 10s and two leads guides per group. A distance of 25 to 30 minutes between groups for safety aspects and the leaders of the groups will communicate through handheld radios in terms of encountering dangerous animals between the groups or in terms of emergency. Arrive in **Ngarange** late in the afternoon rest for the day. Walk For Rhinos team will play a football game with the school team and after the match the team will donate a soccer ball to the school team. You will have your dinner at 1900hrs and go to bed.

**On 9<sup>th</sup> November** you will wake up at 0530am and have your breakfast at 0600am. You will have a short layout of the day at 0700am and then proceed to a kgotla meeting at 0800am. You will then start your **25.5 km** walk to **Mogotho** at 0930am. On the way to **Mogotho** you will visit **Bana Ba Metsi school**. Donate a soccer ball to the school and also leave rhino posters for the school. Proceed the walk to **Mogotho** in the afternoon. Arrive in **Mogotho** late in the afternoon rest for the day. Dinner at 1900hrs and go to bed.

**On 10<sup>th</sup> November** you will wake up at 0530am and have your breakfast at 0600am. You will have a short layout of the day at 0700am and then proceed to a kgotla meeting at 0800am. You will then start your **21.4 km** walk to **Mokgacha** at 0930am. There will be a distance of 25 to 30 minutes between groups for safety aspects. Arrive in **Mokgacha** late in the afternoon rest for the day. Walk For Rhinos team will play a football game with the village soccer team and after the match the team will donate a soccer ball to the team. You will have your Dinner at 1900hrs and go to bed.

**On 11<sup>st</sup> November** you will wake up at 0530am and have your breakfast at 0600am. You will have a short layout of the day at 0700am and then proceed to a kgotla meeting at 0800am. You will then start your **24.4 km** walk to **Seronga** at 0930am. There will be a distance of 25 to 30 minutes between groups for safety aspects. Arrive in **Seronga** late in the afternoon and rest for the day. Walk For Rhinos team will play a football game with the village soccer team and after the match the team will donate a soccer ball to the team. You will have dinner at 1900hrs and go to bed.

**On 12<sup>nd</sup> November** you will wake up at 0530am and have your breakfast at 0600am. You will have a short layout of the day at 0700am and then proceed to a kgotla meeting at 0800am. You will then start your **19.6 km** walk to **Gunotsoga** at 0930am. There will be a distance of 25 to 30 minutes between groups for safety aspects and the leaders of the groups will communicate through handheld radios in terms of encountering dangerous animals between the groups or in terms of emergency. Arrive in **Gunotsoga** late in the afternoon and rest for the day.
